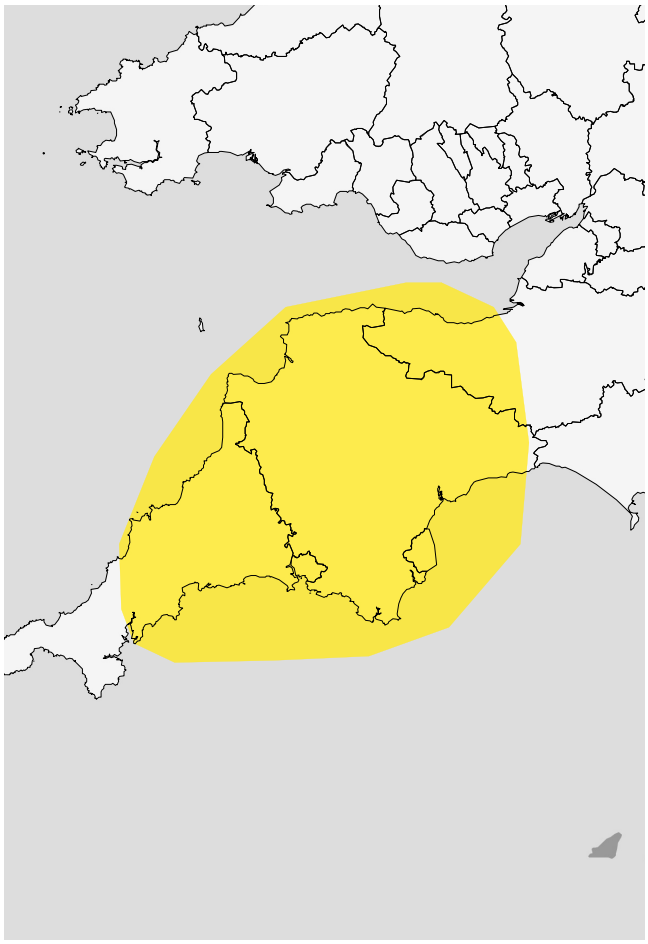
Yellow warning
Rain

Between
18:00 Sat 10 Feb 2024 and
06:00 Sun 11 Feb 2024



Heavy showers may lead to some surface water flooding and disruption to travel.

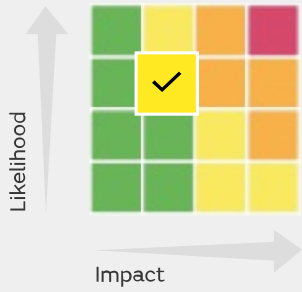
What to expect

- Spray and flooding on roads probably making journey times longer
- Bus and train services probably affected with journey times taking longer
- Flooding of a few homes and businesses is possible

Further details

Showers will be heavy at times across southwest England during Saturday evening and overnight. The showers may form into narrow lines where there is the possibility of 15-20 mm of rain falling within 2-3 hours and 20-30 mm through the period of the warning. Given already saturated ground, this may lead to surface water flooding in places.

What should I do?
Give yourself the best chance of avoiding delays by checking road conditions if driving, or bus and train timetables, amending your travel plans if necessary.



Medium likelihood of low impacts
